TRY THE NEW MATTE NAILS

If that's just fancy? It's actually simple, smoky colors. Four ways to get the look:

- 1. START WITH BASE COAT:** "Base is key in any manicure. It's not just for drying or regular protection," says Rebecca Roper, Whitehouse's manicurist. "It's a base for your color and your protective top coat."
- 2. FINISH UP:** "After you've done the base coat, you'll want to use a matte top coat. It's not just for drying, it's for the look. It's a matte finish that gives you that smoky, smoky look."
- 3. MAKE WHAT YOU'RE DOING:** "You don't have to do a lot of things. Just get yourself a bottle of your favorite. Get your nails done. It's that simple. It's not hard to do."
- 4. TRY THE NEW FRENCH MANE:** "A great manicure is a French manicure. It's not just for drying, it's for the look. It's a matte finish that gives you that smoky, smoky look."
